Volume 7 #14 Merry Christmas 2021

I would  
like to put  
up a tree in my  
heart, and instead  
of hanging presents,  
I would like to put the  
names of all my **friends**.  
Close **friends** and not so close  
**friends**. The old **friends** the new  
**friends**. Those that I see every day  
and the ones that I rarely see. The ones  
that I always remember and the ones that  
I sometimes forget. The ones that are always  
there and the ones that seldom are. The **friends** of  
difficult times and the ones of happy times. **Friends**  
who, without meaning to, I have hurt, or, without meaning  
to have hurt me. Those that I know well and those I only know  
by name. Those that owe me little and those that I owe so much.  
My humble **friends** and my important **friends**. The names of all those  
that have passed through my life no matter how fleetingly. A tree with  
very deep roots and very long  
and strong branches so that  
their names may never be  
plucked from my heart. So  
that new names from all  
over may join the existing ones. A tree with a very  
pleasant shade so that our **friendship** may take a  
moment of rest from the battles of life. "May the  
happy moments of Xmas brighten every day of  
the new year".

## Merry Christmas from the WN Team

### ... and wishing you a Happy New Year!

It's certainly been a roller coaster ride. Our resilience has been tested many times as plans are cast aside at the last moment.

I guess it comes down to having faith in the future and pride that our community can work together while holding the welfare of others above all else.

And enjoying the moment.

We hope that you can be with your family and friends today to share Christmas cheer and optimism for 2022.

Salutations from

### We have a new office!

After working from our home in Lang Lang for over ten years, we now have an office down the road in Grantville! Pop in to have a chat and check out our demo equipment!

### Rebates Available!

Both the federal and state government's offer generous rebates for people installing solar panels or batteries. We can advise you how much you can save and how to apply.

### Over 12 years experience.

We have been operating for over 12 years, and have a huge range of experience. We are fully qualified to install all kinds of systems, such as off-grid, ground mount, & large scale solar.

### Would you like batteries?

If you already have solar installed and are thinking of adding batteries, get in touch. We have a range of retrofit solutions to get you storing power, including Tesla, LG Chem, & BYD!

We are a local, family owned business who specialise in installing high quality solar power systems. We are fully qualified Master Electricians, and our workmanship is guaranteed for 10 years.
